

Team-building FIKA

Dear new Norwegian colleagues, CXO and Order Management teams!

Our incredible team is growing! Soon we will all be working closely together. Let's get to know each other better, to make sharing knowledge and delivering incredible service easier!

What better way to get acquainted than with the very pleasant Swedish custom of fika **this Friday at 14.00 in the RB kitchen.**

Each team should bring one cake or sweet to share, and if you don't like the coffee out of the machine, bring some "real" coffee to make in the French press.

We look forward to seeing you there!
